### **RENEW YOUR SALT MEMBERSHIP TODAY!**

Too many SALT members don't realize that they aren't members anymore because we keep you on the listserv. However, most of you are lapsed! So today, without hesitation, renew your membership. Otherwise, you won't be able to vote in the upcoming election.

Benefits of membership include posting your publications and accomplishments. Check out [SALT members' publications](#), [SALT members in the news](#), and add your name to these sections.

**Logging into the [new SALT website](#) is easy:**

**For those of you who previously had registered at the old SALT website**, go to "login" on the top menu, then just use your **email address as your user name** and your old password. If you have forgotten your password, click to get a new one emailed to you. Then go to "membership" and you will see if your membership dues have expired. If they have, just renew your membership for this year.

**For those of you who never logged in previously**, go to "sign up" on the top menu to register. Remember, **your email address is your username** and create at least a six character login password. You will need to fill in all of the information requested in order to complete registration.

Then renew your membership for 2009-2010.

[Or you can use the membership form and mail it in with a check or credit card information.](#)
