Arizona Immigration--Federal Injunction of Four Keys Portions of SB 1070

Just hours before Arizona's draconian immigration law was set to start, US District Court Judge Susan R. Bolton issued an order enjoining four key portions of SB 1070. In her ruling, she found the United States likely to succeed in its claims of preemption on:

- Portion of Section 2 of S.B. 1070 A.R.S. § 11-1051(B): requiring that an officer make a reasonable attempt to determine the immigration status of a person stopped, detained or arrested if there is a reasonable suspicion that the person is unlawfully present in the United States, and requiring verification of the immigration status of any person arrested prior to releasing that person
- Section 3 of S.B. 1070 A.R.S. § 13-1509: creating a crime for the failure to apply for or carry alien registration papers
- Portion of Section 5 of S.B. 1070 A.R.S. § 13-2928(C): creating a crime for an unauthorized alien to solicit, apply for, or perform work
- Section 6 of S.B. 1070 A.R.S. § 13-3883(A)(5): authorizing the warrantless arrest of a person where there is probable cause to believe the person has committed a public offense that makes the person removable from the United States
